RE: Docket No. RM2017-3

Dear Commissioners:

We join the National Catholic Development Conference (NCDC), the Alliance of Nonprofit Mailers, and the nonprofit mailing community in urging you to reconsider your proposal to increase postage rates several times the rate of inflation. Increases that are estimated to reach 7 percent a year, or 40 percent compounded for five years, will not reform the United States Postal Service and will have a major negative impact on both the agency and its customers.

As a nonprofit, we rely on mail for the majority of our fundraising. But we operate on a limited, fixed fundraising budget each year, so if postage goes up as much as you contemplate, we will be forced to greatly reduce our mailings. This will have a disastrous impact on our revenue and our mission.

We, the Sisters of the Presentation and our associates, dedicate our lives to God through evangelization, prayer, service and hospitality. Our way of life is based on the Gospel of Jesus Christ.

Postage increases totaling 40 percent over the next five years will have the following impact on our mission and the people we serve by taking donations needed for ministry and services to use on communications and updates, reducing our ability to send acknowledgments of gifts received to those entitled to receive acknowledgments and an overall impact on our not for profit as a whole and how we utilize funds for our mission.

Please do the right thing and reconsider your proposal.

Sincerely,

Karen Ann Tuecke, MBA
